

October 2, 2010

Thank you, Xpert Management, for the amazing job you have done for us! We have peace of mind knowing that you are taking good care of our Vancouver property. This is important to us, being that we live out of state. So far, Xpert management has found us our last 3 tenants and each has been wonderful! Being that we have been “burned” before from a past tenant when we were using another local management company, Xpert Management has gone above and beyond and won our trust. And with the Century 21 name behind them, we know we have the best in the business! We look forward to many more years of partnership with you.
